

Insurance Certificates

Dear Club Presidents and Administrators,

NJ Youth Soccer has begun processing insurance certificates for the 2018 - 2019 season. The following are required steps you can take to expedite the process:

1. Ensure your club (travel and/or rec) does not owe any 2017-2018 registration fees for coaches or players. Log into your Stack Sports account, confirm with your club's representative or contact sam@njyouthsoccer.com if you have any questions about your club's balance.
2. Complete the New Jersey Youth Soccer Club Registration Questionnaire [click here](#). Once you have logged in to Stack Sports, the questionnaire should take you approximately 5 minutes to complete. If you are a new club/program, you may need to create an account (please contact lorie@njyouthsoccer.com for assistance)

To be clear, NJ Youth Soccer will NOT begin processing insurance certificates until after the two prerequisites above have been completed. While we will always aim to turn them around sooner, please allow up to ten (10) business days for NJYS to generate insurance certificates during this peak time getting ready for the season.

Contact lorie@njyouthsoccer.com with any questions. Thank you for your support of youth soccer.

Sincerely,

NJ Youth Soccer
